

When His Eyes Opened Chapter 2319

Chapter 2319

After the two children fell asleep, Avery and Elliot returned to the master bedroom.

“Originally, when you told me that you doubted Siena, I didn’t feel anything. Because just based on a dream, how can we conclude that this is really the case. If your dream is so accurate, then tell me what to do next. But Lilly said today that Siena looks like your childhood photo... that’s really possible...” Avery said here, her heartbeat quickened, and she wanted to find Siena now to see if that child is her own daughter.

Elliot: “Avery, I didn’t suspect them just based on a dream. It’s because their reaction was so strange.”

“Well, husband, you are very good at being a detective. You said that we hired so many people to find the little girl. I have never found her whereabouts, but you found the clue all at once.” Avery praised.

“If Siena is Haze, then you are a great. If you didn’t go to the mountain to pray, how could you find Haze along the way?” Elliot put the credit on Avery.

“I wanted to go to another temple. It’s the G-Temple that you took me to. It’s all your credit for this.” Avery put the credit back on Elliot, “Husband, maybe it’s for some reason. In the middle of the year, God guided us to find Haze. We have been looking for her for so long, and it is time to find her.”

Elliot: “Well. Maybe you were praying on the mountain, and the God heard your heart, so let us find Haze.”

The two of them were excited, so they hugged each other tightly.

After a while, Avery released Elliot.

“Are we both excited? We haven’t found Haze yet!” Avery couldn’t help laughing, “Let’s go take a shower first! We’ll talk about it when we take a bath and go to bed.”

Elliot: “Well, you go wash first. I’ll make a phone call to make arrangements.”

Avery: “Okay.”

Avery didn’t take a nap at noon today, so she’s a little sleepy at the moment.

She took her pajamas and walked towards the bathroom.

Elliot picked up the phone and dialed the next number.

“What I asked you to do this afternoon, you can do it now.” Elliot was afraid that the night would be too long. “Bring more people over, and be sure to find the old woman and Siena. Remember, don’t scare them.”

“Okay boss, I’ll take someone out.” The man replied.

After Elliot explained the matter, holding the phone, he paced up and down the room.

He asked the entrusted detective if he had searched G-Temple, and the detective replied that he had.

However, the list of young children in G-Temple obtained by the detective did not have the name Siena.

This was also one of the reasons why Elliot doubts Siena.

All the information now points out that Siena in G-Temple was most likely his daughter Haze who lived abroad.

After taking a bath, Elliot and Avery chatted for a while on the bed.

The two agreed that this time they should be able to find Haze.

Because Avery was so sleepy, Elliot felt asleep not long after but couldn’t sleep.

He slept for a while and then picked up his mobile phone to see if his subordinates had progress reports.

This state of affairs continued until after 5:00 in the morning.

The subordinate finally sent a progress report: [Boss, I found the place where the old woman lives. I’m standing guard at the door now. As soon as she opens the door, I’ll go in.]

Elliot replied: [Good. Remember not to scare them. But if the old woman doesn’t allow you to approach Siena, you can take some measures against her. But it must not hurt the crispy.]

The subordinates did not expect the boss to reply to the news in seconds, and they were a little nervous: [Boss, I understand! You are waiting for my news!]

After Elliot put down his mobile phone, he was completely drowsy. He put the phone on the bedside table, intending to get out of bed to wash.

He got out of bed lightly and put on his slippers. Avery rolled over and opened her eyes.

“Husband, what are you going to do? What time is it?” Avery asked with sleepy eyes and a hoarse voice.

Elliot: “It’s still early, it’s only after 5 o’clock. You continue to sleep. I’ll go to the bathroom.”

“Husband, haven’t you slept all night? I feel like you’ve been rolling over in my sleep.” Avery rubbed her eyes and borrowed in the dim light, she said, “You turn on the light, I don’t want to sleep anymore.”

Elliot turned on the room light as he said.

If it was normal, he would definitely let her continue to sleep. Now he was more emotional, and he believed that Avery would be the same as him.

Elliot: “Avery, the person I sent out has already found her mother-in-law’s place.”

Avery’s eyes widened suddenly, and her eyes shone brightly: “Is it going so well? I just slept...”

“Well. We found the owner of that number through the landline number. The owner runs a small supermarket. It happens that there is surveillance at the entrance of the small supermarket. Through the time when the mother-in-law called you, she was captured. Then the person took the picture of the mother-in-law and went to the neighborhood and asked about her, and he quickly found the community where the mother-in-law lives.” Elliot replied.

Avery immediately lifted the quilt and got out of bed: “Great! I hope to see Siena today! I can get satisfactory results!”

“Avery, don’t hold out too much hope. I’m afraid that the greater the hope, the greater the disappointment.” When Elliot said this, the corners of his mouth rose.

Although Elliot told Avery like this, he had great hope in his heart.

“I know it might be a misunderstanding. But there is hope if there are clues. I like this feeling of hope.” Avery was not afraid of disappointment, but she was afraid that there had been no clue after searching for so long, “Since I found out that Haze is my daughter, I always look forward to getting news about her. Even if the clues are wrong, it is better than no clues. If there are no clues, I always feel that she is dead.”

“Avery, I understand your feelings.” Elliot thought the same as Avery, “Are you hungry? Shall we make breakfast by ourselves?”

Avery: “Okay! Actually, I’m not hungry, but I want to make breakfast with you.”

After a brief wash, the two came out of the master bedroom.

“Avery, what do you want to eat?” Elliot was gearing up, as if he was going to do something.

Avery turned on the light on the first floor and looked at Elliot with a surprised expression: “What else do you do besides noodles?”

This question made Elliot think carefully for a few seconds: “I should still cook porridge.”

Avery: “Then Do you know the ratio of water to rice when cooking porridge?”

Elliot: “...”

Avery: “Why don’t I do it? You can just stay with me.”

Elliot nodded and said, “I want to eat dumplings, do you know how to make dumplings?”

Avery pursed her lips, and after secretly raised her breath, she said, “I can do everything. No, just look it up online. I’ll go see if there’s any flour in the refrigerator first.”

“Well. If it’s too much trouble, I can eat porridge and noodles.” Elliot regretted after saying that he wanted to eat dumplings.

Even if he wanted to eat dumplings too happily, he shouldn’t tell Avery.

Although Avery’s cooking skills were a little better than Elliot, it’s only a little bit better.

“If you want to eat dumplings, I will definitely let you eat dumplings.” Avery put her arms around his waist to reassure him.

...

The neighboring city, 6:30 in the morning.

When His Eyes Opened Chapter 2321

Chapter 2321

The mother-in-law opened the door with a bag of garbage in her hand.

As soon as the door was pushed open, she was shocked by three tall and burly men at the door.

“You...” The garbage bag in the mother-in-law’s hand fell to the ground, exclaiming for a while.

“Hello, mother-in-law, we’re here to find Siena.” The leading bodyguard immediately showed a self-righteous and kind smile.

The mother-in-law looked at the three big men with smiles, and the shock in her heart rose sharply. But she quickly guessed who they were.

The mother-in-law blamed herself in her heart. Yesterday, she should not have made an assertion and called Avery. At the same time, she’s also fortunate in her heart that fortunately, the Miss was unpredictable and noticed the danger in advance, which prevented the tragedy from happening.

“Oh... Who are you?” After thinking about it, the mother-in-law quickly calmed down, “How do you know Siena?”

“Hello mother-in-law, we are sent by Mr. Foster, we have no malicious intentions, just I want to confirm whether Siena is our boss’s daughter.” The leading bodyguard said politely.

The mother-in-law seemed to have heard a big joke, and suddenly laughed: “Siena’s parents are from my home village. How could she be your boss’s child? Also, you said Mr. Foster...what? Mr. Foster? Siena’s father’s surname is Cooper, not Foster!”

The three big men suddenly changed their expressions.

“Did you make a mistake? Also, Siena is sick, and I’m going to buy her medicine...” The mother-in-law wanted to send them away.

But they didn’t see Siena, how could they just let it go.

The leading bodyguard: “What’s wrong with her? Does she need to be taken to the hospital? We have a car, so we can take her to the hospital.”

“No, no, she just has a fever, she can take some antipyretics.” The mother-in-law said. She was afraid that they would not believe it, so she turned and pushed away The door, walked in, “Come in and have a look! Siena really has a fever...”

“At this point, the pharmacy outside isn’t open yet! Where are you going to buy medicine? Or deliver it? Go to the hospital!” The leading bodyguard strode to keep up with her mother-in-law.

“There is a 24-hour pharmacy. A cold and fever are just minor illnesses, and we shouldn’t go to the hospital.” The mother-in-law said calmly, and pushed open a door, “Siena, some uncles have come to see you. Just wait a minute, Mother-in-law will buy medicine for you later.”

The room was dimly lit, and only a child could be seen lying on the bed, but the child’s face could not be seen clearly.

The leading bodyguard found the switch and immediately turned the light on.

The little girl on the bed had flushed cheeks and panicked eyes.

It looked like she had a real fever.

The leading bodyguard reached out and touched the little girl’s forehead, which was a little hot.

“She may not be very adaptable to the life at the foot of the mountain. She fell ill when she got off the mountain.” The mother-in-law said anxiously, “Why do you suspect that she is Mr. Foster’s child? Has Mr. Foster ever seen Siena? Or did you listen to someone? “

“Mother-in-law, we are just following orders.” When The leading bodyguard spoke, he looked at the little girl on the bed.

Judging from her appearance, although this little girl was born beautiful, she didn’t look much like Elliot and Avery.

After watching for a while, The leading bodyguard felt that this little girl was completely different from Elliot and Avery.

“Do you think she looks like the boss and Avery?” The leading bodyguard and two other subordinates whispered.

The other two men shook their heads one after another: “I don’t think so. But my eyesight is very bad, so it may not be right.”

“I don’t think so, but I said it doesn’t count. What if she is really the boss’s child?” Another bodyguard said.

If it can tell who is parent-child with whom by the naked eye, then why does it need DNA testing?
